---

**Subject:** What do you think of the service we provide?

---

Hello,

This is the next step in our improvement initiative for <service/region/team>.

Please devote 15 minutes of quiet time today (that's all it takes) to give your view.

The following survey consists of # questions related to the activities of <service/region/team>.

For each question, please select the statement that you believe most closely represents the current level, followed by what you believe should be the target level in the next 6-12 months.

[<Link to Rapid Maturity Check \(RMC\) survey>](#)

The data will be collated anonymously by our partners IVI and presented for review and decision on areas for improvement focus,

With many thanks,

<Capability Improvement Leader>
